40th anniversary of Aikido in Waiblingen

Founded in 1985, the Waiblingen Aikido group has now been in existence for 40 years.

To celebrate this milestone, we warmly invite you to join our special seminar. We are thrilled that Junya Nakatsugawa is again traveling all the way from New York to mark this milestone with us! As a long-time student of Yamada Sensei, he had the privilege of studying under many other notable instructors. For nearly five decades, he has refined his skills and deepened his knowledge at every opportunity.

He has found great joy in the practice and study of Aikido and hopes others will discover that same satisfaction through their training.

Let's learn, sweat and celebrate together!

This seminar is open to everyone who shares our passion for Aikido and wants to raise a toast to the next 40 years.
